

North and West Queensland Primary Health Care

OCCUPATIONAL THERAPIST

Full Time Position

North and West Queensland Primary Health Care require the services of a full-time Occupational Therapist to provide clinical assessment, treatment and early intervention services to clients in our geographical area. The position will be based in Townsville providing services to surrounding towns in the East Coast catchment. The successful applicant will be required to stay in these towns overnight on a weekly basis.

Reporting to the Team Leader East Coast, the Occupational Therapist will demonstrate at least 12 months graduate experience and a sound understanding of the principles of primary health care with an interest in gaining experience within a generalist, primary health care setting.

NWQPHC offers attractive remuneration commensurate with experience, coupled with benefits such as generous salary sacrificing arrangements; professional development provision; professional supervision and flexible working conditions. All positions with NWQPHC are subject to funding. Successful applicants would enjoy autonomy within a very supportive team environment.

For further information, or to obtain an application package, please contact Dianne Sainty, Team Leader, East Coast, on 47819300 or email diannes@nwqphc.com.au

Written Applications, addressing the Selection Criteria and current referees, should be to be forwarded to: Dianne Sainty, NWQPHC.
