Friday 13th April 2012: Dr Wayne Kelly
AM/PM – Mount Isa Hospital

Please ensure your referrals include the following:

- Reason for referral
- Results of recent investigations
- Recent radiology reports if available
- Patient contact phone number and address

- **Fax all referrals to Dr Kelly on (07) 3834 6792**
- **Contact Dr Kelly on (07) 3834 6791**

Faxing of referral to the Private Practice Clinic, QSDU or Dr Kelly's rooms in Brisbane, does not mean an appointment has been made for the patient to be reviewed. Appointments can only be made by the doctor phoning Dr Kelly's rooms, while the patient is present and the patient agreeing to the time and date given, OR the patient phoning to make his or her own appointment time and date.

Alternatively, if the patient is travelling to Brisbane they are welcome to make an appointment to see him in his Private Practice Rooms on the Ground Floor, Brisbane Private Hospital, 259 Wickham Terrace, Brisbane.

All Mount Isa appointments are confirmed in the days prior to Dr Kelly's visit, so it is imperative that all avenues for contacting the patient, home phone, work, mobile or email if this is the preferred method are supplied with the referral.

Ensure you mark "Mount Isa Clinic" clearly at the top of your referral.

Require further information?

Please contact Jess Silver, Practice Support Officer on (07) 47494615 if you require further information or assistance. The Mount Isa Respiratory Clinics are funded by the Australian Department of Health & Ageing, through the Medical Specialist Outreach Assistance Program.
